

Show Notes – Episode 2 –

Worldview 480

Hi, and welcome back to Old School. Old School isn't a religious podcast, but it is faith based because I am.

Today we're gonna be talking about the spiritual quadrant and the curriculum that goes with that. The name of the class is Worldview 480 Being the area code for my home here in Mesa. So that is the basis for overarching concentric circles that head out and where my worldview takes its shape.

I am a Christian. I am a born again believer in my Lord and Savior Jesus Christ. I am not a Christian because I go to church or because I give money to great causes. Although those are good things. As my former pastor used to say, you can go sit in the garage and that doesn't make you a car. So it's the relationship with Jesus that makes me a Christian, which establishes and is the foundation of my faith and worldview.
